Site Visit Fees (Award Level Applicants Only)

Site visit expenses for organizations at the award level will depend on the number of sites to be visited, the number of examiners assigned, and the duration of the visit. Site visit expenses cover travel costs, lodging, and meals associated with site visit participation and development of site visit reports and will be based upon actual costs incurred by the examination team during the visit.

Typical Site Visit costs range from \$6,000 to \$15,000. Time on site at the facility is generally 3-4 days with an additional 3 days at the site hotel for pre-entry and post-visit to complete the site visit report submitted to the Panel of Judges.
